

## America's Force of Decisive Action

- The U.S. Army is the most decisive land force in the world. No matter the task, no matter the environment, no matter the difficulty— America's Army will always accomplish the mission.
- As America's decisive force, the Army provides our national security decision makers with greater flexibility in responding to national security challenges at home and abroad against both conventional and hybrid threats.
- Our Army is responsive, innovative, flexible, agile and lethal, providing versatility and depth to the Joint Force.
- As a member of the Joint Force and interagency team, the Army is responsive and effective for Combatant Commanders; provides training, equipment and logistical support to our sister services; and quickly integrates and synchronizes Army operations within larger joint, interagency and multinational efforts.
- To meet today's challenges and tomorrow's uncertain conflicts, we must field an Army that can rapidly dominate any operational environment and provide decisive results across a full range of missions to include: deterring and defeating aggression; providing humanitarian assistance; engaging with our allies while building partner capacity; facilitating strategic access to other armies; and supporting civil authorities at home and abroad.
- As we transition to a leaner, more agile Army we will shape a future force that has the capability and versatility to **Prevent** conflict; **Shape** the environment; and decisively **Win** our Nation's wars.
- America's Army is a globally recognized symbol of our national resolve and commitment. We are and will remain the best manned, best equipped, best trained, best led and most decisive land force in the world.
